Abstract :

This research aims to conduct a comparative study on the discourse of God in Samkya Darsana and the Aji Samkya text in Bali. Samkya Darsana is one of the six philosophical systems of Hinduism that explores the understanding of the cosmos and human beings. The Aji Samkya text is an ancient manuscript containing Samkya teachings in Bali. In this research, we analyze the views on God expressed in both sources. We employ a comparative approach to highlight the similarities and differences between Samkya Darsana and Aji Samkya in the context of the conception of God. The findings of this research provide a deeper understanding of the Samkya perspective on God and how this perspective is reflected in the cultural context of Bali. This study can contribute to our understanding of the plurality of philosophies and beliefs within the Hindu tradition.

Key Words : discourse of god, samkya darsana , aji samkya

We will too do comparison between discourse Lord in second source the , highlighting similarities and differences that emerge . Through search this , we hope can disclose impact and relevance generated by discourse Lord This to practice religion and understanding philosophy in Bali. Let us start with learn background behind history Samkya Darsana and roles importance in Hindu tradition .

2.1 Historical Context of Samkya Darsana

Samkya Darsana is one of the from six system philosophy (Shad Darshana) that developed in ancient India . Philosophy This linked with teachings of Rishi Kapila, which is considered as founding father Samkya . Although No There is text original found , concepts Samkya found in various text Hindu philosophy such as the Mahabharata, Puranas, and Upanishads.

Samkya Darsana trusted has appear around 6th century BC, in the period known Indian history as the Vedic era . At that time , the Vedic teachings became base main spiritual and philosophical life Indian society . Samkya Darsana appear as effort For explain creation natural universe , nature existence , and attachment man with the material world.

Context history Samkya Darsana is also related tightly with development Indian philosophy in ancient Indian society . Teachings This Keep going develop and influence thinking philosophical and spiritual in India, as well be one from six system recognized philosophy in a way traditional in Hindu tradition .

2.1.1 Origin Suggestion Development Samkya Darsana

Origin suggested development Samkya Darsana can explored to ancient India, particularly to the Vedic and Upanishadic periods . Although No There is notes definite history about founding father or inventor Samkya , teaching This believed originate from wisdom that has There is since ancient times .

A number of text ancient , such as the Mahabharata and Puranas, present concepts philosophical becoming base from Samkya Darshana . However , teachings This first formulated and clarified by Rishi Kapila, who is considered as figure central in development Samkya Darshana .

Rishi Kapila is a maha -rishi or wise who lives in the past . He credited as founding father Samkya Darsana and mentioned in Lots text philosophical and mythological . Kapila's later teachings developed and expanded by the scholars and thinkers who came afterwards .

Development Samkya Darsana happen in a way gradually along time , with contribution from various thinker and scholar . Concepts and principles Samkya enriched and discussed in various text philosophical and commentary , such as Samkya Karika , Samkya Sutra, and commentaries other .

By overall , development Samkya Darsana is results from ongoing thought and reflection Hindu thought about philosophy , epistemology , and method scientific .

By overall , influence Samkya Darsana in Hindu philosophy is visible in understanding about connection between material and consciousness , role three To use in life , essence freedom and moksha, concept evolution and cosmology , as well method analysis and knowledge . Teachings This has form base strong philosophy in Hindu tradition

2.1.2 Influence Samkya Darsana in Hindu Philosophy

Influence Samkya Darsana in very Hindu philosophy significant . Teachings Samkya give valuable contribution in understand and develop concepts philosophical in Hindu tradition . Following is a number of influence main Samkya Darsana in Hindu philosophy :

1. Dualism of Prakriti and Purusha: Samkya Darsana teach that natural universe consists from two fundamental entities , namely Prakriti (material nature) and Purusha (spiritual nature). Draft This influence Hindu understanding of connection between matter and consciousness , as well importance liberation soul (moksha) of attachment material .
2. Theory Three Gunas : Samkya Darsana introduce draft three To use or characteristic basic (sattva, rajas, tamas) influences all phenomenon in natural universe . Draft this also influences Hindu understanding of tendencies and behavior humans , as well role witchcraft in spiritual life .
3. Theory Causation Niskriya : Samkya Darsana teach that Purusha, as soul individual , in fact free from all activity and involvement in the material world. Draft This influence Hindu understanding of essence freedom (moksha) and role meditation as well as control self in achieve it .

4. Draft Evolution and Cosmology : Samkya Darsana give understanding about evolution natural universe and the process of creation . Draft This influence Hindu thought about cycle birth and death , reincarnation , and the role of karma in life man .
5. Method Analysis and Knowledge : Samkya Darsana also provides contribution in method analysis and understanding knowledge . Draft analysis logical (tattva) and separation between subject and object observation (viveka) affects

2.2 Concept Lord In Samkya Darsana

In Samkya Darsana , concept Lord explained through two entity The main ones are called Prakriti and Purusha.

1. Prakriti: Prakriti is substance material or natural composed universe from three guna (guna), namely sattva (virtue), rajas (movement or dynamism), and tamas (darkness / passivity). Prakriti is source all form matter and energy in natural universe .
2. Purusha: Purusha is spiritual aspect or separate consciousness from Prakriti. Purusha does not involved in material and permanent processes pure as well as No affected by changes in Prakriti. Purusha symbolizes existence transcendent beyond natural universe material .

Draft Lord in Samkya Darsana No describe Lord as personal entity or ruling person natural universe . Lord in Samkya Darsana more reflect aspect consciousness that observes and exists in a way separated from material . Prakriti is responsible answer on all phenomenon matter , while Purusha as the spiritual aspect of observing and witnessing the existence of Prakriti.

Draft This emphasize separation between consciousness (Purusha) and matter (Prakriti), so Lord in Samkya Darsana more refers to aspects infinity and transcending spiritual existence natural universe material . existence of the transcendent is also discussed in context philosophical .

1. Non- Theistic : Samkya Darsana in a way general No base existence natural universe on entities A personal God or transcendent . Philosophy This tend leads to a non- theistic and more understanding focus on material aspects and consciousness individual .
2. Causality Natural : Deep Samkya Darsana , nature universe considered as results from causality natural and not as creation directly by God . Prakriti, as substance primary material , having potential and strength For create and manifest various phenomenon nature .
3. Role of Purusha: Purusha, as aspect separate consciousness , no involved in a way direct in arrangement natural universe . Purusha is more works as observer and witness in the process of evolution of Prakriti.
4. Infinity God : Deep Samkya Darsana , Lord No considered as personal entity with power absolute or control direct on natural universe . Draft Lord tend nature neutral and not related by natural processes evolution and change .

View Samkya Darsana about linkages Lord with natural universe emphasizes understanding about Prakriti, Purusha, and causality experience . Philosophy This more focuses on understanding about characteristic matter and consciousness individual than existence Lord as creator or regulator natural universe .

2.2.1 Prakriti and Purusha: Two Main Entity in Samkya Darsana

In Samkya Darsana , there is two entity the main one playing role important in understanding about natural universe and existence man . Entities This are Prakriti and Purusha.

1. Prakriti: Prakriti refers to matter or internal primary substance natural universe . This is the universal substratum that contains potential and strength For create all form matter and energy . Prakriti consists from three guna , namely sattva (virtue or kindness), rajas (movement or dynamism), and tamas (darkness or passivity). Third To use This interact and create variation phenomenon in natural universe .
2. Purusha: Purusha refers to an aspect awareness or soul separate individual from Prakriti. This is a spiritual entity that observes and witnesses Prakriti activities . Purusha is source from consciousness , knowledge , and existence self . In the Samkya Darsana , Purusha is considered No affected by changes in Prakriti, remains pure , and no own attribute material .

Prakriti and Purusha are mutual related However own different properties . Prakriti acts as experienced material change and move , while Purusha is consciousness that is not bound and fixed eternal . Connection between Prakriti and Purusha forms base understanding about reality in Samkya Darshana .

With understand the concepts of Prakriti and Purusha, Samkya Darsana teach separation between matter and consciousness , leading to understanding about characteristic true self humans and nature universe .

2.2.2 Outlook Samkya Darsana about Linkages Lord with Natural Universe

In Samkya Darsana , view about linkages Lord with natural universe own a number of important aspect For understood . Although Samkya Darsana tend nature atheistic , concept about Lord or the
